GENERAL SECRETARIAT
23 JUNE 19[illegible]
No R-9-9

Subject:- Re-appropriation Statement of grants under " 30 grants for Public Improvements - 2 Water Supply to Towns" for 1931-32.

Sir,

I have the honor to forward herewith for very early sanction of Government, the enclosed Re-appropriation Statement under "30 grants for Public Improvements - 2 Water Supply to Towns" resulting in a saving of Rs 11,000. This will necessitate an additional grant being allotted to the Kolar Water Works in the ensuing official year.

I have the honor to be,
S I R,
Your most obedient servant,

M G Rangaiya
Chief Engineer of Mysore,
22/6/32

OFFICE OF THE SECRETARY MEMBER OF COUNCIL
27 JUNE 1932
No 10567

R. Cell. 8783

5113

Send with reference to para (4) supra. This will be linked along with the distribution of grant under water supply files.

As a sum of Rs 11,000 was lying unspent to lapse, it appears necessary to sanction an additional grant of Rs 11000 for the current year for water supply to Jammalamadugu. The grant of Rs 25,000 under the current year's Budget may be utilised for water supply of other towns. The Financial Secy may be consulted. | A

1/7/32

A This is not possible now, as the Budget has been finally passed, unless the amount is found by reappropriation from other grants.

The previous proposal for the Kolar Water supply has been pointed out in the file re Seringapatam Water supply and the Financial Secy has noted in that file that a reduced grant will have to be given for the purpose in view of the urgency of the Seringapatam scheme and the commitments already made regarding Tiptur, Davangere Water supply schemes. Orders in that file will have to be awaited.

Secy)

4/7/32

Information from the Dy Com. Anantapur as regards the sources from which the Jammalamadugu Municipality can repay the loan if granted, has been called for. This may therefore be kept in the list of pending.

Gene al and Revenue Secretariat | File No | of 193

Serial No

The question of giving a grant of Rs 11,000 for the Idoor Water Supply Works as proposed by the Chief Engineer in his letter of 22-6-32 has to be considered in connection with the distribution of the grant under 30 Grants for Public Improvements during the current year. As the Water Supply & Sewerage Grant are now to be operated upon by the Bureau of Sanitary Engineer, this file may be sent to the Sanitary Engineer - for note of the Chief Engineer's requisition
